Wild Cherry Number Twenty Four

"There's nothing happens to a person that can't be cured if you get what it takes to do it. We come out of the earth, and there's something in the earth to cure everything I don't fix a tonic until I'm sure what's wrong with a person. I don't make guesses. I have to be sure, because medicine can do bad as well as good, and I don't want to hurt anybody. Maybe it takes some herbs. Maybe it takes some touching. But most of all, it takes faith"—Vernon Cooper, Lumbee healer. The Lumbee Indian tribe has lived in the coastal plain of North Carolina for centuries, and most Lumbee continue to live in rural areas of Robeson County with access to a number of healing plants and herbs used in the form of teas, poultices, and salves to treat common ailments. The first section of this book describes and documents the numerous plant and herbal remedies that the Lumbee have used for centuries and continue to use today. There are remedies for ailments relating to cancer (external and internal), the circulatory and digestive systems, the heart, hypertension and hypotension, infections and parasitic diseases, asthma, pregnancy, sprains, swellings, and muscle, skeletal and joint disorders, to name just a few. The second portion of this work records the words, recollections and wellness philosophies of living Lumbee elders, healers, and community leaders. The information presented in this book is not intended to be a substitute for the advice or treatment from a physician. The authors do not advocate self-diagnosis or self-medication, and warn that any plant substance may cause an allergic or extremely unhealthy reaction in some people.

'Atmospheric, engaging and sublimely satisfying' Veronica Henry How far must you run to leave the past behind you? It is 1919 and the end of the war has not brought peace for Emeline Vane. Lost in grief, she is suddenly alone at the heart of a depleted family. She can no longer cope. And as everything seems to be slipping beyond her control, in a moment of desperation, she boards a train and runs away. Fifty years later, a young solicitor on his first case finds Emeline’s diary. What Bill Perch finds in the tattered pages of neat script goes against everything he has been told. He begins to trace an anguished story of love and betrayal that will send him on a journey to discover the truth. I closed my eyes as I tried to pick apart every flavour, because nothing had ever tasted so good before. It was love and it could not be hidden. What really happened to Emeline all those years ago? Includes a sumptuous recipe inspired by the author's research for the book.

First published in 1968, The Wild Cherry Tree is a late collection of ten tales including comic vignettes, a humorous celebration of the sensual life, and several explorations of love, loneliness, and problematic relationships. 'The Wild Cherry Tree' sees the wife of a pig-farmer who dresses like a 'shabby, straddling scarecrow' as she tends her pigs by day, but, alone in the evenings, adorns herself in exotic clothes and jewels without leaving the house. That is until one day, when she has to deal with the consequences. 'Same Time, Same Place' follows an impoverished spinster and a lonely bachelor who become friends, but when he drunkenly and clumsily proposes to her she avoids him, denying herself 'the possibility of friendship with a man who genuinely likes her.' 'The First Day of Christmas' observes a man with his lover on a festive evening out, surrounded by fellow drinkers and full of saucy dialogue, who is torn between asking her hand and burying his grief in drink. 'The Black Magnolia' celebrates the sensual life in a farce involving two voluptuous and liberated women and a repressed, tee-total bachelor. The bonus story 'A Waddler' is Bates's first published story, and is a village sketch with colourful dialogue. It follows a man as he deals with the death of his overly critical wife, as he is conversely complimented by a fellow widow on carrying his grief so well.
